AUGUST 15, 2021 | 8:00 AM – 1:30 PM

5.5 HOURS

\$105PP

Find yourself exploring sides of Cyprus that aren't your typical tourist attractions yet give you an authentic feel for the character and culture of the country.

Begin with a lovely drive to the Agios Neophytos Monastery which is nestled in a secluded location within the heart of a picturesque valley. One of the best-known in Cyprus, it was founded in the 12th century by its namesake monk. After being jailed for pursuing an ascetic life, he disappeared into the hills where he came across a small cave in 1159. Over time, he transformed the cave into a chapel and his own living space. Named Enkleistra, it became a quiet monastic community in 1170 when Paphos' Bishop convinced him to take on a student. The number of monks here remained quite small due to Neophytos' strong beliefs against materialism and his desire to remain undisturbed. A pleasant surprise are the incredible Byzantine frescoes found here that date back from the 12th – 15th centuries.

Continue on to Lemona Village where you will visit the family owned Tsangarides Winery. When you arrive, receive a warm welcome by the owner who will share his family history and how the wine making skills and expertise are passed on from generation to generation. Following a tour of the winery, be treated to a sampling of some of their most delicious wines.

Your final tour stop is in the quaint village of Letymbou for a visit to the traditional House of Sofia. During your visit, view the rooms with their original furniture and décor and then see freshly made bread coming out of the oven. You might also have the opportunity to knead your own bread dough and put it in the traditional oven for baking. There will also be a demonstration of loukoumades and halloumi making followed by a tasting. Afterwards, sit down to a taste-tempting traditional Cyprus breakfast before making the drive back to the port in Paphos.

SPECIAL NOTE: This tour includes approximately 3-hours of moderate walking/standing that includes numerous steps and uneven surfaces. The tour is not available to wheelchair guests and is not considered suitable for those with walking difficulties. We recommend wearing weather appropriate comfortable clothing; flat walking shoes; a sun cap; sunglasses and sunscreen. Shoulders, legs and midribs must be covered when entering religious sites.

Dive into the past by exploring the Rock & Sanctuary of Aphrodite. Experience the famous Paphos Sea Caves while enticed by its unique beauty.

Your day begins with a visit to Petra tou Romiou, otherwise known as the Rock of Aphrodite. Legend claims that Aphrodite, goddess of beauty and love was born from the sea foam and carried by the waves to this spot. In ancient Greek civilization, the cult of aphrodite, the "cypriot" goddess was undeniably the most important. Archaeological evidence and inscriptions throughout Cyprus bear witness to the existence of numerous sanctuaries and temples dedicated to the goddess.

The next stop of your journey takes you to the Sanctuary of Aphrodite at Palaipafos, located in Kouklia Village. This was one of the most important city-kingdoms of Cyprus, as well as the first Cypriot site to be included in the UNESCO World Heritage List in 1980.

Enjoy an outside visit before heading to Ayia Paraskevi Church. Located in the village of Geroskipou, this interesting 9th century Byzantine church is a five-domed, three-aisled, barrel-vaulted basilica, making it one of only two such churches on the whole island, and a significant example of Byzantine architecture. According to tradition, the name Geroskipou derives from the sacred gardens of the Goddess Aphrodite, which were located to the south of the village towards the sea, at the point where the ancient pilgrims began their journey to the sanctuary of Aphrodite in Palaipafos. As such, the church may stand on the ruins of an ancient temple dedicated to Aphrodite, although it could also originally have been dedicated to Timios Stavros (the Holy Cross). Today, it is dedicated to the Christian martyr Ayia Paraskevi.

Your last stop of the day will take you to the Paphos Sea Caves for a photostop. The area where the sea caves are located can be described as a unique place of excellent geological beauty and biological interest!

Following your time in the sea caves, you will be transferred back to the pier.

SPECIAL NOTE: This tour includes approximately 3-hours of moderate walking/standing that includes numerous steps and uneven surfaces. The tour is not available to wheelchair guests and is not considered suitable for those with walking difficulties. Start your day with a scenic drive to Troodos Mountain where you will find the Lambouris Winery. For over 300 years, the Lambouris family's long tradition of winemaking and an unbroken drive for perfection have made the Lambouris Winery a household name for exclusive Cypriot wines. After touring the winery, enjoy a tasting of some of their finest varieties.

Continuing on, drive to the mountain-ringed village of Omodos. This popular wine town is perfect for a leisurely stroll down its narrow streets with their charming traditional homes and pots of colorful flowers. Your guided walk includes a visit to the Monastery of Holy Cross and a medieval wine press. Afterwards, a tasty Mezze lunch awaits at one of the atmospheric local taverns. Time permitting, browse some local shops in the town's large main square.

INCREDIBLE PAPHOS - A UNESCO NAMED WORLD HERITAGE SITE & ARCHEOLOGICAL PARK

AUGUST 15, 2021 | 10:30 AM – 2:00 PM

3.5 HOURS

\$85PP

Discover several of Paphos' marquee attractions that have led to the city being named a UNESCO World Heritage Site.

Begin with a short drive from the pier to the Basilica of Chrysopolitissa and the Pillar of Saint Paul. The Pillar is said to be the location where St. Paul was flogged for preaching Christianity and has become a popular pilgrimage stop. The Basilica was built in the 4th Century A.D. and you can still see what remains of several granite and marble Corinthian-styled columns as well as some preserved mosaic tiled pieces of the original floor.

Next, drive to the Tombs of the Kings that dates back to the Hellenistic and early Roman periods. These tombs and underground chambers were carved from rock and were made to resemble the houses of the living. Although the tombs belong to high-ranking officials and aristocracy rather than kings, due to the size and splendor of the tombs, they gained the moniker of Tombs of the Kings.

The final stop is at the House of Dionysos, thought to have been built around the end of the 2nd century AD and later abandoned after the destructive earthquakes of the 4th century AD. The large villa with its

central courtyard is perhaps the most impressive archaeological site in Paphos and depicts the life of the wealthiest residents of Paphos during the Roman period. It is also renowned for having what is perhaps the most impressive collection of mosaics in the Mediterranean.

Following your visit, transfer back to the port.

SPECIAL NOTE: This tour includes approximately 2-hours of moderate walking/standing that includes steps and uneven natural surfaces. The tour is not available to wheelchair guests and may not be suitable for those with walking difficulties. Start your day with a scenic drive along the east coast of Rhodes en route to Lindos. Pass picturesque small villages travel through a landscape of orange and lemon groves, gnarled olive trees and lovingly tended vineyards.

Lindos is an ancient Doric town and is dominated by a magnificent acropolis that is situated atop a strategic hill that overlooks the bay. Visitors have the option of walking up to the summit or hiring a donkey to transport you most of the way. When you reach the top, the views are breathtaking. As you gaze out over the waterscape below, you will see the spot where it is believed St. Paul landed in 58 A.D. Along with the acropolis, there are the ruins of a walled fortress built in the 15th century and the remains of the ancient Temple of the Lindian Athena. The temple was consecrated to the goddess Athena and also named for Lindia, a pre-Hellenic divinity.

You will be able to view the site not only in real-time, but also aided by the use of Augmented Reality software, whereby participants will each be provided with a tablet that will enable them to view Lindos as it once was. This technology combines the camera's content with a virtual one, creating a mixture of the real-time camera's video with several virtual elements. Just point your tablet's camera at various locations at the site and you can view them in their original form as they stood thousands of years ago. Simply amazing!

Descending from the acropolis, you are able to wander freely through the narrow streets, passing clusters of white-washed houses that lend Lindos its distinct look. The village has been an artists' enclave for years and boasts a myriad of shops carrying locally made jewelry, leather goods and ceramics.

After your free time in Lindos, transfer back to the ship.

Kos is the homeland island of Hippocrates – the author of the Hippocratic Oath. Start your trip by boarding your coach and heading to Asklepeion which was built in 460 B.C. where Asclepius the god of Medicine was worshipped and where Hippocratic Medicine was practiced, making this one of the first if not the first Hospital in history. The vineyard is located in Asfendi, at an altitude of 105 meters and covers an area of 60 acres. Greek and International grape varieties are grown in them especially Malagouzia and Assyrtiko (Santorini), where they co-exist harmoniously with Cabernet Sauvignon, Grenache Rouge and Syrah. A visit to Delos will be one of the highlights of your holiday. The breathtaking ruins found here will leave you with a lasting memory of what this once great Mediterranean city was like during its glory days.

A short boat ride from Mykonos lies this remarkable UNESCO World Heritage Site. Believed to be the mythical birthplace of the Goddess Artemis and God Apollo, it was dedicated as a major sanctuary to the God Apollo, the Olympian god of prophecy, music, healing and more. Stepping off the boat, you will be introduced to one of the island's most spectacular relics, the Avenue of the Lions where perfect replicas of the 7th century Naxian marble beasts crouch in silent vigilance at the sacred lake where Leto gave birth to her twins. Beyond here lies a path that leads to Mt. Kynthos, where myth has it that Zeus observed the event. There is a wealth of other monuments found here as well.

Not only will you be able to view the site in real-time, but also aided by the use of Augmented Reality software, whereby participants will each be provided with a tablet that will enable them to view Delos as it once was. Perhaps the most cosmopolitan of all the Greek Islands, Mykonos is renowned for its wonderful hotels, vibrant nightlife and gorgeous beaches. This combination tour visits many of the island's highlights that have made it one of the most popular of all the Greek Islands.
